

Expanded Infertility Coverage

Beginning on October 1, 2019, members of the MetroPlus Medicaid Plan will have expanded coverage for infertility drugs.

This benefit will be limited to coverage for 3 cycles of treatment per lifetime. We will also cover services related to prescribing and monitoring the use of such drugs. The infertility benefit includes:

- Office visits
- X-ray of the uterus and fallopian tubes
- Pelvic ultrasound
- Blood testing

In order to be eligible for this benefit, members must meet the following criteria:

- 21-34 years old and are unable to get pregnant after 12 months of regular, unprotected sex.
- 35-44 years old and are unable to get pregnant after 6 months of regular, unprotected sex.

If you have any questions about this benefit, or a member's eligibility, please contact MetroPlus by calling 1-800-303-9626.
